MINISTRY OF MINES & FUEL

New Delhi, the 24th October, 1963.

S.O. 3132.—Whereas it appears to the Central Government that it is necessary in the public interest that for the transport of natural gas from Naharkatiya to Namrup in Joypore Mouza of Lakhimpur District in Assam State, pipelines should be laid by the Assam State Electricity Board on behalf of Assam Gas Company Limited and that for the purpose of laying such pipelines, it is necessary to acquire the right of user in the land described in the Schedule annexed hereto.

2. Now, therefore, in exercise of the powers conferred by sub-section (1) of section 3 of the Petroleum Pipelines (Acquisition of Right of User in Land) Act, 1962, (50 of 1962), the Central Government hereby declares its intention to acquire the right of user therein.

3. Any person interested in the said land may, within 21 days from the date of this notification, object to the laying of the pipelines under the land to the competent authority at the Deputy Commissioner's Office, Dibrugarh. Every person making such an objection shall also state specifically whether he wishes to be heard in person or by a legal practitioner.

S.O. 3133.—In pursuance of clause (a) of section 2, of the Petroleum Pipelines (Acquisition of Right of User in Land), Act, 1962 (50 of 1962), the Central Government hereby authorises the authority mentioned in Column (1) of the Schedule below to perform the functions of the competent authority under the said Act within the limits of the State mentioned in the corresponding entry in Column (3) of the said Schedule:

SCHEDULE

Authority	Address	Territorial Jurisdiction
Deputy Commissioner	Dibrugarh, Lakhimpur District, Assam State.	State of Assam

[No. 31/65/63-ONG.]

S.O. 3134.—Whereas by a Notification of the Government of India in the Ministry of Mines and Fuel S.O. No. 2048, dated 2nd August, 1963, under sub-section (1) of section 3 of the Petroleum Pipelines (Acquisition of Right of User in Land) Act, 1962, (50 of 1962), the Central Government declared its intention to acquire the right of user in the lands specified in the Schedule appended to that Notification for the purpose of laying pipelines;

And whereas the competent authority has, under sub-section (1) of section 6 of the said Act, submitted report to the Government;

And, whereas, the Central Government has, after considering the said report, decided to acquire the right of user in the lands specified in the Schedule appended to this Notification;

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 6 of the said Act, the Central Government hereby declares that the right of user in the said lands specified in the Schedule appended to this Notification is hereby acquired for laying the pipelines and in exercise of the powers conferred by sub-section (4) of that section, the Central Government directs that the right of user in the said lands, shall, instead of vesting in the Central Government, vest on the date of the publication of this declaration in the Indian Refineries Limited., free from all encumbrances.

B. SUBBA RAO, Under Secy.

New Delhi, the 29th October 1963

S.O. 3137.—Whereas by the notification of the Government of India in the late Ministry of Steel, Mines and Fuel (Department of Mines and Fuel), S.O. No. 2763, dated the 15th November, 1961, under sub-section (2) of section 17 of the Mines and Minerals (Regulation and Development) Act, 1957 (87 of 1957), the Central Government in consultation with the Government of the State of Maharashtra gave notice of its intention to undertake prospecting operations in respect of coal in the areas measuring 15,139.00 acres (approximately) in the locality specified in the Schedule appended to that Notification and reproduced in the Schedule I appended hereto;

2. And whereas by the notification of the Government of India in the late Ministry of Steel, Mines and Fuel (Department of Mines and Fuel) S.O. No. 914, dated 23rd March, 1962 under sub-section (4) of section 17 of the said Act, the Central Government have made a declaration in consultation with the Government of the State of Maharashtra that no prospecting licence or mining lease shall be granted in respect of the land specified in the Schedule to that notification (which covered the entire area specified in the Schedule appended to the said notification S.O. No. 2763, dated the 15th November, 1961);

3. And whereas out of the said areas, by the notification of the Government of India in the Ministry of Mines and Fuel, S.O. No. 2244, dated 10th July, 1962, the Central Government have made declaration in consultation with the Government of the State of Maharashtra to undertake mining operations under sub-section (2) of section 17 of the said Act only in respect of the areas mentioned in Schedule II appended hereto;

4. And whereas in respect of the remaining areas, no declaration under sub-section (2) of section 17 of the said Act for undertaking mining operations has been made;

5. Now, therefore, in exercise of the powers conferred by sub-sections (2) and (4) of section 17 of the said Act and of all other powers enabling it in this behalf, the Central Government hereby directs that the notifications of the Government of India in the late Ministry of Steel, Mines and Fuel (Department of Mines and Fuel) and Ministry of Mines and Fuel, S.O. No. 2763, dated the 15th November, 1961, and S.O. No. 914, dated the 23rd March, 1962 shall cease to have effect in relation to the remaining areas, that is to say, to those areas specified in those notifications which have not been mentioned in the said Schedule II.

AWARD

Ministry of Labour and Employment, Government of India, by its Order No. 2/107/62-LRII, dated the 28th November, 1962, referred, under Section 10(1) (d) of the Industrial Disputes Act, 1947, an industrial dispute existing between the

employers in relation to the West Bokaro Colliery and their workmen in respect of the matter specified below, for adjudication to this Tribunal:

SCHEDULE.

"Whether the action of the management of the West Bokaro Colliery, Post Office Ghatotand, District Hazaribagh, in dismissing Shri Gurudas Ram, a Ropeway Fitter of the Colliery, is justified keeping in view the nature and extent of acts or omissions committed by Shri Gurudas Ram on 14th November, 1961? If not, to what relief is the workman entitled?"

2. The South Karanpura Coal Miners' Union, representing the workman concerned, filed a written statement on his behalf on 14th December, 1962. The main case of the workman was that his dismissal was illegal and unjustified as he was not guilty of any misconduct. The workman later filed a rejoinder on 16th September, 1963, in which he denied that there was a proper departmental enquiry at which he was given due chance and opportunity to cross-examine the witnesses or to defend himself.

3. The employers filed their written statement on 29th December, 1962. Their main defences were two fold: First, that the present reference arises out of an individual dispute as it was neither taken up by a general body nor by a substantial number of workmen in the Colliery, and, therefore, it was not maintainable; second, that a proper domestic enquiry by a Court of Enquiry consisting of six top officials of the Colliery was held in the presence of the concerned workman and he was given full opportunity to cross-examine the witnesses of the management and also to defend himself and to examine his own witnesses and at the said enquiry he was found guilty of misconduct and, therefore, he was dismissed and as such his dismissal was justified.

4. In his rejoinder, filed on 16th September, 1963, in reply to the allegations of the management that the present dispute was an individual dispute and not an industrial dispute, it was alleged by the workman that the dispute had been taken up by a registered trade union, namely, South Karanpura Coal Miners' Union, which has a following and active support of substantial number of workmen of West Bokaro Colliery and, therefore, it was an industrial dispute and as such the reference was legal.

5. On behalf of the management, Sri J. R. Jain, Labour Adviser, appeared and examined two witnesses—M.W. 1 Sri M. V. Rao, Chief Engineer of the Colliery and M.W. 2 Shri R. Choudhuri, Manager of the Colliery who was one of the members of the Court of Enquiry, which conducted the domestic enquiry, and, also filed documents, which were marked, with mutual consent, as Exhibits M to M 18.

6. The workman was represented by Sri Mithilesh Kumar Sinha representative of the Union, and he, on behalf of the workman concerned, examined two witnesses, W.W.1 Sri Guru Das Ram, the workman concerned, and W.W.2, Sri Chun Chun Prasad Singh, General Secretary of the Union but filed no documents. The workman, however, filed certain documents, which were called for by the management, but they were used by the management and marked on its behalf as Exhibits M.10 to M.18.

7. The facts of the case are these:

(a) On 14th November 1961 the workman concerned was served with a charge sheet Exhibit M in which it was alleged that on 14th November 1961 at about 7.30 A.M. he approached the Chief Engineer outside the Civil Engineer's Office and asked him and questioned him as to why he was asked to go to General Shift and without listening to the Chief Engineer he shouted and said that if he is asked to go to General Shift duty he will not take any responsibility for maintenance of ropeway, and if any break-down occurs to the ropeway, he cannot be questioned and further he accused the Chief Engineer of deliberately causing breakdown twice on the ropeway in collaboration with ropeway Supervisor, Shri Indar Singh, in order to implicate him for which he was charge sheeted under clause 27(1) and 27(5) of Standing Orders of the Coal Mining Industry for insubordination, disobedience of order and indecent behaviour respectively.

(b) On 17th November 1961 the workman submitted his reply Exhibit M.1 to the charge sheet Exhibit M in which he denied the charge completely and said that it was true that he did demur about the general shift work for the reasons given by him, but he denied that he had any intention of being insubordinate or guilty of indecent behaviour and, therefore, requested that the charge sheet may be withdrawn against him.

(c) On 20th November 1961 a domestic enquiry was held by a Court of Enquiry, consisting of six top officers of the Colliery, including the Agent and the Manager M.W.2. At the very commencement of the enquiry, however, and before any witness for the management was examined against the workman, the workman concerned was called in and cross-examined in detail by the Agent, which is Exhibit M.2(a), and, thereafter, Sri Indar Singh, Exhibit M.2(b); Shri Anil Sarkar, Exhibit M.2(c); Sri Shamsuddin Exhibit M.2(d); Sri Duchu Oraon, Exhibit M.2(e) Sri S. Dass, Power House Superintendent, Exhibit M.2(f); Sri S. J. Banerjee, Mechanical Engineer, Exhibit M.2(g) and Sri M. V. Rao, Chief Engineer, Exhibit M.2(h) were examined on behalf of the management and after the close of the evidence of the witnesses the workman concerned was again asked by the Agent, as will appear from Exhibit M.2(i), as to why all the witnesses had stated facts against him which were noted in the enquiry report Exhibit M.2 but the workman did not reply.

It may be mentioned here that this enquiry report Exhibit M.2 containing the statements of the aforesaid witnesses.—Exhibits M.2(a) to M.2(i)—does not anywhere contain either the signature or the thumb impression of the witnesses examined on behalf of the management or of the workman concerned as admitted also by the Manager, M.W.2.

(d) Thereafter, the Court of Enquiry submitted their report, Exhibit M.2, in which they noted down their conclusion to the following effect:

Conclusion:

"After considering all the facts and examining the documents and persons concerned, the Court finds that Shri Gurudas Ram accused, who fully participated in the enquiry proved to be guilty of the charges."

It is recommended that since the charges levelled against him are very grave and severe, he should be dismissed from the service."

(e) On 29/31st January 1962, therefore Sri H. Niyogi, the Agent, issued, a letter of dismissal to the workman concerned, Exhibit M.3 dismissing him from the Company's service with effect from 31st January, 1962.

8. In the present reference, two points arise for decision, which have been very seriously urged before the Tribunal by Sri Jain on behalf of the management, and contested by Sri Sinha, on behalf of the workman. They are: (1) Whether the present dispute is an individual dispute or an industrial dispute, and, (2) whether the enquiry was proper, fair and in accordance with the principles of natural justice.

If the first question is answered in favour of the management by holding that the present dispute is an individual dispute, then it is obvious that the reference is incompetent and in such a case the second question need not be decided. If, however, the second question is decided against the management by holding that the enquiry held by the Court of Enquiry was not proper and in accordance with the principles of natural justice, then the dismissal of the workman concerned will have to be set aside. I would, therefore, proceed to consider these two questions separately.

Re: (1):

9. In support of the first objection that the present dispute is an individual dispute and not an industrial dispute Sri Jain invited my attention to the fact that although the workman concerned was dismissed on 31st January, 1962, his case was not taken up either by the other workmen of the Colliery or even by the Union at all, because the first letter which was written was on 4th September, 1962, Exhibit M.9, and this Exhibit M.9 shows that it was written by Sri Bindeshwari Singh, Vice-President of the State Railway Collieries' Mazdoor Union, on behalf of the workman concerned, and, not on behalf of the South Karanpura Coal Miners' Union, which now represents the workman concerned and which has filed the written statement on behalf of the workman concerned. This argument was met by Sri Mithilesh Kumar Sinha, on behalf of the workman concerned, by relying on para 2 of the written statement of the management, in which it was stated:

"That the Unions, namely, State Railway Colliery Mazdoor Union, or South Karanpura Coal Miners' Union, which took up the cause of the workmen concerned at different stages, are neither the representative nor recognised unions in the colliery."

Relying on the above para 2 of the written statement, it was submitted by Sri Sinha that the management admitted that the aforesaid two unions took up the cause of the workmen and what was denied was that none of the two aforesaid unions has been recognised by the Colliery because the recognised union of the Colliery was Colliery Mazdoor Sangh. It was, therefore, contended that on the above admission a mere denial now is not sufficient to show that the dispute was not an industrial dispute.

It appears from the failure report, dated 28th September, 1962, Exhibit M.7, of the Conciliation Officer, Dhanbad, that the General Secretary of the South Karanpura Coal Miners' Union raised an industrial dispute by its representation, dated 4th September, 1962, Exhibit M.9, in respect of the irregular dismissal of the workman concerned. Conciliation Officer, thereafter, made attempts to bring about a settlement but he failed to do so, and as such he filed his failure report on 28th September, 1962, Exhibit M.7.

W.W.2 Sri Chun Chun Prasad Singh, General Secretary, of the South Karanpura Coal Miners' Union, stated that the Membership shown in Exhibit M.16 in 1961-62 of this Union was 498. He, further, stated that Sri Bindeshwari Singh, who wrote the letter Exhibit W.9, is also Vice-President of the State Railway Colliery Mazdoor Union. The fact that Sri Bindeshwari Singh, who wrote Exhibit M.9 to the Conciliation Officer on 4th September, 1962, in relation to the irregular dismissal of the workman concerned is Vice-President of the State Railway Colliery Mazdoor Union and also of South Karanpura Coal Miners' Union is not denied by the management. The fact, therefore, that in Exhibit M.9 Sri B. Singh, Vice-President of the South Karanpura Coal Miners' Union, is described as Vice-President of the State Railway Colliery Mazdoor Union and as such he took up the case of Shri Guru Das Ram, the concerned workman, with the Conciliation Officer in no way shows that the present Union did not take up the case of Shri Guru Das Ram, particularly when the management admitted in para 2 of its written statement, mentioned earlier, that both the Unions took the cause of the management.

For these reasons, it is obvious that the dismissal of Shri Guru Das Ram, which was an individual dispute before having been taken up by the Union became an industrial dispute when it was sponsored by the Union and as such the present dispute was rightly referred for adjudication to this Tribunal I, therefore, over-rule the first objection of the management and decide it in favour of the workman concerned.

Re: (2):

10. As regards the second question regarding the domestic enquiry, in my opinion, it cannot be upheld. It will appear from Exhibit M. 2, the Enquiry Report, that at the very commencement of the enquiry the workman concerned Shri Guru Das Ram, was closely cross-examined by the Agent, even before any other evidence was led against him. Such a procedure is not at all fair. The Supreme Court in the A.C.C. Ltd. Vs. Its workmen decided on 8th May 1963 reported as 1963 S.C. Notes 230, at page 132, held that:

"It seems to us that it is not fair in domestic enquiries against industrial employees that at the very commencement of the enquiry, the employee should be closely cross-examined even before any other evidence is led against him. In dealing with domestic enquiries held in such industrial matters, we cannot overlook the fact that in a large majority of cases, employees are likely to be ignorant, and so, it is necessary not to expose them to the risk of cross-examination in the manner adopted in the present enquiry proceedings."

These observations apply fully to the present case also.

11. The manager, who was one of the six members constituting the Court of Enquiry, stated that it was not the first enquiry conducted by him as he had conducted such enquiries 10 or 12 times in the past, and was fully conversant with the procedure to be followed in a domestic enquiry and that the onus lies with the management to prove the charge against the workman. He, however, later admitted his ignorance of procedure stating that he did not know that it was only after the management's witnesses that the workman charge sheeted is asked to meet its case. It is obvious, therefore, that on this ground alone it must be held that the enquiry held was not proper and fair and was in violation of the principles of natural justice.

There was great controversy between the parties over the question whether the witnesses examined by the management were examined in the presence of the

workman concerned and whether he was given an opportunity to cross-examine them. Unfortunately none of the statements recorded by the Court of Enquiry are signed or initialled or thumb impressed by the witnesses concerned. It is doubtful, therefore, if the witnesses were examined in presence of workman. For these reasons also, in my opinion, the enquiry cannot be said to be fair and proper.

There is, however, another point which also affects the validity of the enquiry. In the Enquiry Report Exhibit M. 2, towards the end in the conclusion, it is mentioned that they examined documents but the documents examined are not mentioned in the report. The Manager M.W. 2 stated that the Attendance Register and the original report of the Chief Engineer were also examined, by the Court of Enquiry and that the workman concerned was given an opportunity to examine these documents which were filed before the enquiry. But, unfortunately, nowhere either the documents are mentioned in the Enquiry Report Exhibit M. 2 nor it is mentioned that the workman concerned was given an opportunity to examine them and that he examined them or refused to examine them. In these circumstances, it must be held that the workman concerned was not given an opportunity to examine the documents, which were filed at the enquiry, whatever they may be, which were used against the workman and examined and relied upon in their report by the Enquiry Officers.

For the reasons given above, I held that the domestic enquiry, in the present case, was not fair and legal and was in violation of principles of natural justice, and, therefore, it must be set aside.

12. On the above finding it is not necessary to give into the merits of the case as to whether the version of the management is true or whether the version of the workman concerned is true regarding the merits of the charge sheet with respect to the incident on 14th November 1961.

13. I, therefore, answer the reference in favour of the workman concerned, Shri Gurn Das Ram, by holding that his dismissal was illegal and unjustified, as there was no proper and legal domestic enquiry held into the charges served against him. His dismissal, therefore, is set aside and he is reinstated, with full back wages and other benefits, from 31st January 1962 to the date of his reinstatement.

14. I, therefore, make my award as above and submit it under Section 15 of the Act, to the Central Government.

S.O. 3151.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Industrial Tribunal, Hyderabad in the industrial dispute between the employers in relation to the Indian Bank Limited and their workmen which was received by the Central Government on the 21st October, 1963.

BEFORE THE HON'BLE INDUSTRIAL TRIBUNAL, ANDHRA PRADESH,
ANDHRA PRADESH, HYDERABAD

PRESENT:

Dr. Mir Siadat Ali Khan, M.A., LL.B., Fazel (Osm), B.C.L. (Oxon), D. Phill (Oxon), Bar-at-Law, Lincolns Inn. (London), Chairman, Industrial Tribunal, Andhra Pradesh, Hyderabad-Dn.

INDUSTRIAL DISPUTE NO. 27 OF 1963

BETWEEN:

Workmen of Indian Bank Limited, Guntur,

versus.

Employers of Indian Bank Limited, Guntur.

APPEARANCES:

Sri Radhakrishna, President of the Union for workmen; and Sri Ramanathan, Law Officer, for the employers.

AWARD

In the dispute between the workmen and the employers of Indian Bank Limited, the Government of India by letter No. 51(19)/63-LRIV, dated 22nd June, 1963, referred the following issue for adjudication:

"Whether Sri B. Veeraiah is entitled to be appointed as a Gollah and, if not, what other relief he is entitled to?"

2. The dispute was registered here as Industrial Dispute No. 27 of 1963. Parties filed the statements of claims and the counter. They also filed some documents. The employer adduced one witness. Sri Radhakrishna, the President of the Union, did not think that any oral evidence was necessary. Arguments were heard.

3. Sri Radhakrishna, President of the Union, contended that though B. Veeraiah was appointed as a peon in 1949, yet he worked as a Gollah from 1st of January, 1959, till 29th September, 1962. Thus, he acquired the status of a Gollah, and is, therefore, entitled to the wages of a Gollah. It appears to be that here there are two contentions, viz., (1) that B. Veeraiah attained the status of a Gollah and, (2) that the wages of a Gollah should be paid to him. In support of these contentions he relied on Sastry's award paragraph 325. This paragraph was later on confirmed by Desai's award in paragraph 332. He relied also on the Supreme Court decision of the Lloyd's Bank v. Pannalal Gupta, 1961, 1 LLJ, 18. He contended further that Desai's award was passed in July, 1962, and was to come in force after 5 months. Hence, from 29th September, 1962, as B. Veeraiah was an active worker of the Union, the employer with intent to deprive of him the wages of a Gollah, stopped him working as such. This evidently shows that he acted with *mala fides* and for victimisation.

4. I considered the above contentions carefully. The portion of paragraph 325 of the Sastry award filed on is as follows:

"as a general principle it should be stated that it is the nature of the work done by the employee and the degree of his responsibility which determines whether he is a clerk or an officer."

And the observation of the Supreme Court in the Lloyd's Bank case relied on is to the following effect:

"in deciding the status of an employee his designation is not decisive; his status is determined by the nature and duty of the functions assigned to him."

A consideration of the above-mentioned two observations will show that quite obviously the observation in the Sastry award is limited to the case of a clerk and a supervisor. Here, I have not to consider any such case. In the case under consideration by me the question of supervisory duties performed by a clerk does not arise. The case before me is of a peon doing the duties of a Clerk; for a Gollah is more or less a Clerk. It appears to me, therefore, that when the observation in the Sastry award was limited to the consideration of the supervisory duties performed by a clerk and, when in the case before me, no supervisory duties are under consideration, the observation in paragraph 325 is not in point. It is not relevant. Even as a general principle, it cannot be relevant as supervisory duties are not under consideration.

4.1. Similarly, a careful perusal of the Lloyd's Banks Case will show that in the very words of the Supreme Court itself it was within a very narrow campus. The only question there, was the giving of supervisory allowance to clerks who allegedly performed supervisory duties. On consideration of these duties, the Supreme Court held that they were not supervisory duties but, merely clerical duties, and, therefore, the claim for the supervisory allowance was negatived. Thus, here again as there is no question of supervisory allowance before me reliance on the Lloyd's Bank's case does not appear to be correct.

4.2. Thus, I feel that the observation relied on by the President of the Union did not warrant his claim that B. Veeraiah attained the status of a Gollah. I hold accordingly.

5. However, I will have to decide this case on its facts and in the light of the provisions of Sastry and the Desai Awards. First, I will address myself to the facts of the case.

5.1. Briefly, the facts are that even though B. Veeraiah was employed as a peon from 1st January, 1959, yet, owing to the fact that the Guntur Branch of the Indian Bank was under-staffed his services were utilised as a Gollah till 29th September, 1962. This is evident from Ex. M1 to M4 and the deposition of MW1 Sri Jagannathan, the manager of the Guntur Branch at that time. He was paid an allowance of 20 per cent. of his basic wages and dearness allowance. He consented and accepted the same. Never in this long period of 3 years 9 months did he claim any further status or any additional remuneration. As far as the payment of the allowance is concerned the fact whether he worked continuously or, at times he also worked as a peon is not in point, for, under the provisions of the Sastry award the allowance is to be paid so long as the man performs the duties of the additional post. Hence, the statement Ex. M62 showing that on certain dates in every month he did not work as a Gollah does not carry any weight. It has no significance also because it is admitted in arguments that even if he had worked full time, the employer had a right to discontinue utilising him as a Gollah. To me, therefore, it appears clear that balance of probability on the facts of the case is that services of B. Veeraiah were utilised as a Gollah in this period. I hold accordingly.

5.2. The question that arises is whether the discontinuance of the duties as contended by the President of the Union was from *mala fides* and for victimisation. He puts it in this way that he was discontinued as a Gollah from 29th September, 1962; Desai's award was published in July, 1962, and was come into force 5 months later. Hence, as paragraph 325 of the Sastry Award was confirmed by the Desai's award paragraph 332 the employer discontinued employing him as a Gollah to deprive him of the status of a Gollah. In my opinion, in the first place as already held above, the paragraph 325 cannot be harnessed to the proposition that as Veeraiah's services were utilised as a Gollah he attained the status of a Gollah. I have already given reasons for this finding in the preceding paragraphs. In the second place, malice cannot be attributed to an act which a person has a right to do. The employer has a right to discontinue employing him as a Gollah and, therefore, it cannot be said that he did it from *mala fides* and for victimisation. I hold accordingly.

6. I considered also whether in view of the fact that Veeraiah performed the duties of a Gollah should he not be appointed as such. I put this question to the representatives of the employer. They stated that in the first place there must be a vacancy and in the second and more important place, seniority and efficiency of other peons on an All India basis will have to be considered. This contention finds support in paragraphs 529 and 530 of the Sastry Award. Hence, even if there is a vacancy, as it is not proved before me that B. Veeraiah is senior enough and efficient enough to be appointed as a Gollah I cannot hold that he is so entitled.

6.1. Lastly, the question arises why I should not direct that as he worked for a sufficiently long period as Gollah the wages of Gollah should be paid to him. My difficulty on this point is that in such a case the Bank awards provide for an allowance only, and he was paid the allowance of 20 per cent. and he accepted the same without demur for all these years. I do not think that I should travel beyond these provisions. I hold accordingly.

7. In view of the above finding my answer to the issue framed by the Government is that B. Veeraiah is not entitled to be appointed as a Gollah; and he is entitled to the allowance he was paid. I direct that if the allowance is not paid for any period for which he has worked as Gollah it should be paid. However, I recommend that the employer should give consideration to the past services of B. Veeraiah as Gollah and promote him to that post as early as the claim of the other persons senior and more efficient to him and the arising of a vacancy may permit him.

Report accordingly to the Government this 15th day of October, 1963.

[No. 51(19)/63-LRIV.]

New Delhi, the 31st October 1963

S.O. 3152.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Arbitrator in the industrial dispute between the employers in relation to the State Bank of Bikaner and Jaipur and their workmen, which was received by the Central Government on the 19th October, 1963.

DECISION OF THE ARBITRATOR SHRI S. KRISHNA, CONCILIATION OFFICER (CENTRAL), AJMER (RAJASTHAN) UNDER SECTION 10A OF THE INDUSTRIAL DISPUTES ACT, 1947.

REFERENCE No. 22(80)/63 OF 1963

In the matter of dispute between the State Bank of Bikaner and Jaipur, Jaipur and the Rajasthan Bank Employees' Union, Jodhpur as published in the Government Gazette by the Government of India, Ministry of Labour & Employment vide its order No. 55(38)/63-LRIV, dated the 3rd September, 1963.

PRESENT:

Shri S. Krishna, Conciliation Officer (Central), Ajmer.

APPEARANCES:

For the Employer: Shri K. C. Jain, Agent, State Bank of Bikaner & Jaipur, Jalori Gate, Jodhpur.

For the Union: Shri L. N. Bhayal, Secretary, Rajasthan Bank Employees' Union, Sojati Gate, Jodhpur.

INDUSTRY: Banking.

TERMS OF REFERENCE: "In what time Shri Mishrilal, Sweeper in the State Bank of Bikaner & Jaipur at City branch, Jodhpur can sweep the bank premises inclusive of cleaning latrine each day."

Ajmer, the 16th October 1963

The above reference was made to me for decision as an Arbitrator jointly by the parties mentioned above. With a view to assess the work-load of the sweeper Shri Mishrilal, I personally observed his working in the bank premises on the 15th October, 1963 at Jodhpur. He swept the open space along with the banking hall, cleaned the latrine, swept banking hall, front verandha of the bank premises and washed the floor of the banking hall and verandha with water. All these, he did in an area of 1,831 sq. ft. In the completion of all these work which was commenced at 8-25 A.M. and ended at 9-50 A.M., he took 1 hour 25 minutes.

From the work done on the date of my observation which appears to be his normal duty, having not objected to by either parties, I hold that the time taken in sweeping the bank premises including the cleaning of latrine was reasonable and it is not possible for the sweeper Shri Mishrilal to complete it within less than 1 hour 25 minutes daily.

Sd./- S. KRISHNA,
Conciliation Officer (C),
Ajmer.

MINISTRY OF FOOD AND AGRICULTURE

(Department of Agriculture)

New Delhi, the 24th October, 1963

S.O. 3157.—The following draft of the Onions Grading and Marking Rules, 1963, which the Central Government proposes to make in exercise of the powers conferred by section 3 of the Agricultural Produce (Grading and Marking) Act, 1937 (1 of 1937), is published as required by the said section for the information of all persons likely to be affected thereby and notice is hereby given that the said draft will be taken into consideration on or after 20th November, 1963.

Any objection or suggestion, which may be received from any person with respect to the said draft before the date specified, will be considered by the Central Government.

ONIONS GRADING AND MARKING RULES, 1963

1. Short Title and application.—(1) These rules may be called the Onions Grading and Marking Rules, 1963.

(2) They shall apply to Onions (*Allium cepa* L.) produced in India.

2. Definitions.—In these rules—

(1) "Agricultural Marketing Adviser" means the Agricultural Marketing Adviser to the Government of India.

(2) "bottlenecks" in relation to onions onion-bulbs which have abnormally thick necks.

(3) "damage" in relation to onions means any injury or defect which materially affects the appearance of the lot or the edible or shipping quality of the individual onion, and includes one or more of the following, namely:—

(a) dry suscald, that is to say, any injury which is more than slight and is readily apparent without peeling the onions;

(b) mechanical injury, that is to say, any cut extending deeper than two fleshy scales or cuts which seriously damage the appearance of the onion;

(c) seed-stems, that is to say, stems that are tough or woody or more than 6 m.m. in diameter;

(d) sprouting, that is to say, development of visible sprouts on the bulbs;

(e) staining, that is to say, any discolouration caused by weathering or other means to seriously affect the appearance of the individual onions;

(f) sunburn, that is to say, any development of dark green colour affecting the area equivalent to that of a circle of 2.5 c.m. in diameter on an onion of 7.0 c.m. in diameter or correspondingly smaller or larger area or medium to light green colour affecting more than 10 per cent of the surface of the onion; and

(g) tops, that is to say, onions which are trimmed to more than 5.0 c.m. percentage of such onions in a lot being not more than 20 per cent.

(4) "diameter" in relation to onions means the greatest dimension of the onion bulb taken at right angles to the straight line running from the stem to the root end;

- (5) "doubles" in relation to onions means onions which have developed more than one distinct bulb, with or without its outer clinging stem, joined only at the base;
- (6) "mature bulb" means bulbs which have been harvested when all the tops are down to a stage of development at which onions are firm;
- (7) "reasonably firm" in relation to onions means that the onions may yield to slight moderate pressure but are not tangibly soft or spongy, and
- (8) "Schedule" means a Schedule appended to these rules.

3. Grade designation.—The grade designations to indicate the quality of onions shall be as set out in Column (1) of Schedules II to VI.

4. Definition of quality.—The quality indicated by the grade designations shall be as set out against each grade designation in Schedules II to VI.

5. Grade designation mark.—The grade designation mark shall consist of a label specifying the grade designation and bearing a design (consisting of an outline map of India with the word 'AGMARK' and the figure of the rising sun, with the words 'Produce of India' and 'भारतीय उत्पाद') resembling the one as set out in Schedule I.

6. Method of marking.—(1) The grade designation mark shall be securely affixed to each container in a manner approved by the Agricultural Marketing Adviser.

(2) In addition to the grade designation mark, each container shall be clearly marked with such particulars and in such a manner as may be specified by the Agricultural Marketing Adviser.

(3) An authorised packer may, after obtaining the previous approval of the Agricultural Marketing Adviser, mark his private trade mark on a container in a manner approved by the said Officer, provided that the private trade mark does not represent quality or grade of onions different from that indicated by the grade designation mark affixed to the container in accordance with these rules.

7. Method of packing.—(1) Only sound, clean and dry container made of jute, wooden crates, netting, bamboo baskets and palm-leaf baskets shall be used for packing. They shall be free from any insect infestation or fungus contamination and also from any undesirable smell.

(2) The container shall be securely closed and sealed in a manner approved by the Agricultural Marketing Adviser.

(3) Each package shall contain onions of one grade designation only.

8. Special conditions of certificate of authorisation.—In addition to the conditions specified in rule 4 of the General Grading and Marking Rules, 1937, the following shall be the conditions of every Certificate of Authorisation issued for the purpose of these rules, namely:—

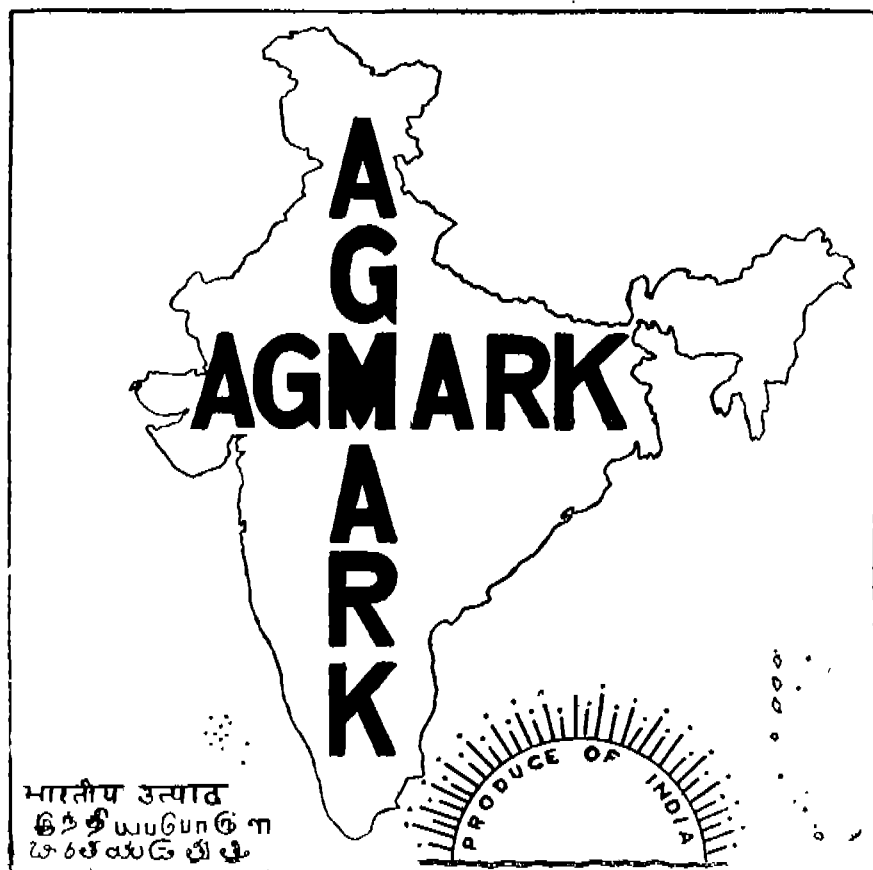

(i) An authorised packer shall make such arrangements for testing onions as may be prescribed, from time to time by the Agricultural Marketing Adviser.

(ii) An authorised packer shall provide all facilities to the Inspecting Officers duly authorised by the Agricultural Marketing Adviser for sampling, testing and such other matters as may be specified by the Agricultural Marketing Adviser.

SCHEDULE I.

Any objection or suggestion, which may be received from any person with respect to the said draft before the date specified, will be considered by the Central Government.

GARLIC GRADING AND MARKING RULES, 1963

1. Short title and application.—(1) These rules may be called the Garlic Grading and Marking Rules, 1963.

(2) They shall apply to garlic (*Allium sativum* L.) produced in India.

2. Definitions.—In these rules—

(1) "Agricultural Marketing Adviser" means the Agricultural Marketing Adviser to the Government of India;

(2) "damage" in relation to Garlic means any injury or defect which materially affects the appearance or the edible or the shipping quality of the individual bulb of the lot, and includes one or more of the following, namely:—

(a) dirt or stain, that is to say, anything which affects to an extent greater than 15 per cent of the bulbs in a lot;

(b) sprouting, that is to say, development of visible sprouts on the bulbs;

(c) Sun-burn, that is to say, discolouration due to exposure to the sun when there is no injury to the tissue;

(d) sunscald, that is to say, softening of the tissue due to exposure to the sun;

(e) tops, that is to say, lengths of the tops of garlic not trimmed to less than 5.0 cms;

(3) "diameter" in relation to garlic means the greatest dimension of the garlic bulb taken at right angles to the straight line running from the stem to the root end;

(4) "mature, thoroughly cured and dried" in relation to garlic means bulbs having reached that stage of development at which the garlic is firm and sufficiently dried so as not to be soft and spongy; and

(5) "Schedule" means a Schedule appended to these rules.

3. Grade designations.—The grade designations to indicate the quality of garlic shall be as set out in column (1) of Schedules II to V.

4. Definition of quality.—The quality indicated by the grade designations shall be as set out against each grade designation in Schedules II to V.

5. Grade designation mark.—The grade designation mark shall consist of a label specifying the grade designation and bearing a design (consisting of an outline map of India with the word 'AGMARK' and the figure of the rising sun, with the words 'Produce of India' and (भारतीय उत्पाद) resembling the one as set out in Schedule I.

6. Method of marking.—(1) the grade designation mark shall be securely affixed to each container in a manner approved by the Agricultural Marketing Adviser.

(2) In addition to the grade designation mark, each container shall be clearly marked with such particulars and in such a manner as may be specified by the Agricultural Marketing Adviser.

(3) An authorised packer may, after obtaining the previous approval of the Agricultural Marketing Adviser, mark his private trade mark on a container, in a manner approved by the said officer, provided that the private trade mark does not represent quality or grade of garlic different from that indicated by the grade designation mark affixed to the container in accordance with these rules.

7. Method of packing.—(1) Only sound, clean and dry containers made of jute, wooden crates, netting, bamboo baskets and palm-leaf baskets shall be used for packing. They shall be free from any insect infestation or fungus contamination and also from any undesirable smell.

(2) The containers shall be securely closed and sealed in a manner approved by the Agricultural Marketing Adviser.

(3) Each package shall contain garlic of one grade designation only.

8. **Special conditions of certificate of authorisation.**—(1) In addition to the conditions specified in rule 4 of the General Grading and Marking Rules, 1937, the following shall be the conditions of every Certificate of Authorisation issued for the purpose of these rules, namely:—

- (i) An authorised packer shall make such arrangements for testing garlic, as may be prescribed from time to time by the Agricultural Marketing Adviser.
- (ii) An authorised packer shall provide all facilities to the Inspecting Officers duly authorised by the Agricultural Marketing Adviser, for sampling, testing and such other matter as may be specified by the Agricultural Marketing Adviser.

V.S. NIGAM, Under Secy.

(Department of Agriculture)

New Delhi, the 29th October, 1963.

S.O. 3160.—In exercise of the powers conferred by sub-section (3) of Section 1 of the Prevention of Cruelty to Animals Act, 1960, (59 of 1960), the Central Government hereby appoints the 20th day of November, 1963, as the date on which the provisions of chapters III and VI of the said Act, shall come into force in the States of Assam, Andhra Pradesh, Bihar, Gujarat, Kerala, Madras, Maharashtra, Madhya Pradesh, Mysore, Orissa, Rajasthan and Uttar Pradesh and in the Union territories of Delhi, Himachal Pradesh, Manipur and Tripura.

[No. 9-24/62-LD.]

K. C. SARKAR, Under Secy.

MINISTRY OF MINES AND FUEL

New Delhi, the 31st October 1963

S.O. 3161.—Whereas it appears to the Central Government that it is necessary in the public interest that for the transport of petroleum between Barauni Refinery in Bihar State and Kanpur in Uttar Pradesh State, a pipeline should be laid by the Indian Refineries Limited and that for the purpose of laying such a pipeline, it is necessary to acquire the right of user in the land described in the Schedule annexed hereto;

2. Now, therefore, in exercise of the powers conferred by sub-section (i) of section 3 of the Petroleum Pipelines (Acquisition of Right of User in Land) Act, 1962 (50 of 1962), the Central Government hereby declares its intention to acquire the right of user therein.

3. Any person interested in the said land may, within 21 days from the date of this notification, object to the laying of the pipelines under the land to the Competent Authority at 7/166, Swarup Nagar, Kanpur in the office of the Indian Refineries Limited. Every person making such an objection shall also state specifically whether he wishes to be heard in person or by a legal practitioner.
